

Tool for overhead line joint clamps on grooved contact wires AD-GW

incl. chain with carabiner hook and HC-GW alignment tool

Item number:	AD-GW
Product weight (kg):	10.15 kg

Installation is much easier with the AD-GW tool, and the time required to fit overhead line joint clamps on grooved contact wires is reduced. The tool is integrated in the existing hoist with its overhead line tensioning clamps.

Manufacturer:

Cembre S.p.A.
