

Hydraulic battery-operated cutter B-TC320NDF - 18V

Item number: B-TC320NDF

Packing unit: 1

The battery-operated B-TC320NDF hydraulic tool is suitable for cutting flexible and extra-flexible conductors, copper and aluminium cables as well as telephone cables with a diameter of up to 32 mm. Equipped with blades made of high-strength special steel, the open head enables cables to be cut quickly with precise „scissor-like“ movements. The 180° rotation allows the cable cutter to be adapted to different applications. A pressure relief valve controls the cutting process and ensures additional safety. The quiet and manoeuvrable B-TC320NDF cable cutter has a balanced biaxial structure and an ergonomic handle that ensures a high level of comfort even during prolonged use. LED lights illuminate the work area. To improve user comfort, the tool is equipped with an automatic battery coupling system with control button. SMARTOOL technology enables the recorded data to be displayed and downloaded, providing comprehensive digital support.

TECHNICAL CHARACTERISTICS

Cutting range:	0 - 32
Battery voltage:	18V
Battery capacity:	2.0 Ah
Battery type:	Li-Ion
Weight:	3.9 (tool) 2.4 (case)
LxHxW:	443x126x79
Max. diameter:	32
Manufacturer:	Cembre S.p.A.

Scope of delivery

Incl. 2 Li-Ion batteries, battery charger, USB cable and shoulder strap and plastic case VAL-P59 (620 x 360 x 136 mm). Color and shape maybe different from the illustrations. Delivery without dies.
