

Hydraulic battery-operated cutter B-TC500ND-SC - 18V

Item number: B-TC500ND-SC
Product weight (kg): 7.9209 kg
Packing unit: 1

The hydraulic battery-operated cutter B-TC500ND-SC with double piston hydraulic was developed for cutting copper, aluminum and telephone cables up to a maximum diameter of 50 mm (e.g. 4 x 150 mm² NYY-0). The special cut and the special geometry of the cutting blades guarantee a «straight cut». Because of the snap closure on the head, the tool can also be used to cut endless material. The good handling is optimally guaranteed by the 90° rotatable head. The open head makes it easier to work in places that are difficult to access.
