

# Cordless hydraulic crimping tool B1300-UC - 18V

Item number:	B1300-UC
Product weight (kg):	13.4 kg
Packing unit:	1

The hydraulic crimper B1300-UC is equipped with a double piston hydraulic. The 180 ° rotatable head allows easy handling even in narrow and confined spaces. A chip controls the operation and automatically shuts off the motor as soon as the crimping has completed. This saves energy and increases the service life of the battery.

## TECHNICAL CHARACTERISTICS

<b>Crimping force (kN):</b>	132
<b>Crimping range (mm):</b>	10 - 400
<b>LxHxW:</b>	423 x 239 x 102.5
<b>Weight:</b>	6.5 (tool) 3.7 (case)
<b>Battery type:</b>	Li-Ion
<b>Battery capacity:</b>	5.2 Ah
<b>Battery voltage:</b>	18V
<b>Manufacturer:</b>	Cembre S.p.A.

## Scope of delivery

Incl. 2 Li-Ion batteries, battery charger, USB cable and shoulder strap and plastic case VAL-P44 (680 x 473 x 151 mm) for tool and 12 die sets. Color and shape maybe different from the illustrations. Delivery without dies.
