

Portable spotlight for large work environments CBL07

Item number: CBL07

The light emitted by the CBL07 spotlight makes it possible to illuminate large areas. The lightweight, practical and robust spotlight is a versatile solution for a quick-to-install light point. The powerbank function allows small devices to be charged via the USB output, which can be useful in emergencies. Supplied with charger.

TECHNICAL CHARACTERISTICS

Rated power:	27 W
Luminous flux:	3000 lm
Autonomous lighting:	3 h
Colour temperature:	5700 K
IP protection class:	IP65
Charging time:	~ 5.5 h
Battery type:	Li-poly
Battery capacity:	4000 mAh
Battery voltage:	14.8 V
Manufacturer:	Cembre S.p.A.
