

# Transport trolley for portable impact wrenches and portable timber sleeper drilling machines

for track gauges from 1000 - 1700mm

Item number: CS-EU-TA  
Packing unit: 1

The support mechanism, which secures the portable timber sleeper drilling machines and the portable impact wrench, incorporates a gas pressure spring to give a constant, balanced control to the machine during operation. Fitted with insulated wheels, the trolley does not interfere with the track electrical circuits. The trolley is easily closed and can comfortably be carried by a single operator. The trolley CS-SD-TA is delivered with an adjustable connecting rod for track gauges from 1000 - 1700 mm.

## TECHNICAL CHARACTERISTICS

Weight (kg):	31.5 kg
