

Tool for cable ties CTG48-OS

Type CTG, for plastic cable ties up to 4.8 mm in width

<p>Item number: CTG48-OS</p> <p>Packing unit: 1</p>	
---	--

Thanks to the innovative and patented TLC technology (Tension / Lock / Cut) of the CTG48-OS, the processing of cable ties is revolutionised by significantly reducing the force needed.

- Standard handle width (90 mm)
- Adjustable setting force
- For plastic cable ties up to 4.8 mm in width
- Cable ties are cut clean in the same operation
