

Cable duct cutter DC-125

Type DC, length 1000mm

Item number:	DC-125
Product weight (kg):	10.3 kg
Packing unit:	1

For fast and accurate cutting of cable ducts to length. The DC-125 cuts cable ducts with precision and burr-free. Re-working is not necessary. The chip-free cutting ensures the workplace remains clean. The DC-125 is emission-free and makes no noise. Thanks to the optimized cam drive, cable ducts can be cut with little effort. The 1 m measuring rail with length stop ensures millimeter-accurate cutting to length. A 2 m scale is also available as an option. The hardened blade cuts ducts up to a width of 125 mm.
