

# Polycarbonate insulated terminal CU, 4 - 6mm<sup>2</sup>

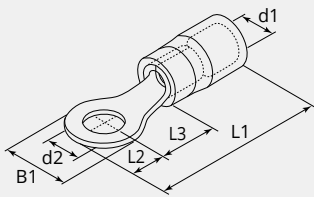

Type P, for copper conductors, ring terminal

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                     |

## TECHNICAL CHARACTERISTICS

|                                  |                         |
|----------------------------------|-------------------------|
| Material:                        | ETP copper (CW004A)     |
| Surface:                         | Electrolytically tinned |
| Wire section (mm <sup>2</sup> ): | 4 - 6                   |
| Wire section (AWG/MCM):          | 12 - 10                 |
| Bolt (Ø):                        | 7                       |
| Colour:                          | Yellow                  |
| Operating temperature (°C):      | -20 - +115              |
| Max. temperature (°C):           | +130                    |
| Manufacturer:                    | Cembre S.p.A.           |

## DIMENSIONS

## DIMENSIONS

|          |      |
|----------|------|
| L1 (mm): | 30.7 |
| L2 (mm): | 5.5  |
| L3 (mm): | 11.1 |
| B1 (mm): | 11.0 |
| d1 (Ø):  | 6.6  |
| d2 (Ø):  | 7.2  |
