

# Mechanical crimping tool HPH1

Type HPH - Crimpstar®, for heat-shrinkable crimp connectors

Item number: HPH1

Packing unit: 1

Thanks to their unique mechanism, the new generation of crimping tool reduces the workload. The small, compact design with ergonomically shaped handles makes work easier and is a prerequisite for reliable crimping tools with guaranteed constant crimping.

## TECHNICAL CHARACTERISTICS

Crimping range (mm <sup>2</sup> ):	0.5 - 6
LxHxW (mm):	235 x 73 x 18
Manufacturer:	Cembre S.p.A.
