

Hydraulic Accu-Press KIT-B1300TEPD

for the assembly of rail contacts for M12 bolts,
pressing, cutting, riveting and bolting

Item number: KIT-B1300TEPD
Packing unit: 1

Components:

- B1300TEPD hydraulic battery-powered press with 900 mm high-pressure hose and RHTEPD riveting head
- 2 OG13.2 spreader mandrels
- Gauge CAL19.20 for checking the bore and for fitting the spreader mandrel
- RH50 hydraulic crimping head, including MK-18-50 crimping insert for 95 mm² DIN cable lugs
- Hydraulic cutting head TC025
- Torque wrench QL100N 20–100 Nm, including long power socket SW 19 mm SSE-19-1/2L
- Ratchet ring spanner, SW 10/13 and 17/19, RRS-1013-1719
- Hand-operated countersink with handle HG-KGS and countersink KGS-31-10, 31 mm
- Plastic case VAL-M-H1
- Spare Li-ion battery, 18V, 5.2Ah
- Charger
- Carrying strap

TECHNICAL CHARACTERISTICS

Crimping force [kN]:	50
Crimping range [mm²]:	6–300
Battery voltage [V]:	18
Cutting range [mm]:	max.25
Maximum operating pressure [bar]:	700
Battery capacity [Ah]:	5.2
Battery type:	Li-Ion
Weight [kg]:	5.7
Manufacturer:	Cembre Group
