

# Hydraulic battery press B600CND - 18V, incl. DIN dies

Item number: KIT-B600CND-MK  
Packing unit: 1

The B600CND is a powerful battery-powered hydraulic crimping tool designed for crimping large cable lugs and connectors up to 300mm<sup>2</sup>.

It is characterised by its high crimping force and reliability, which makes it particularly suitable for industrial applications. The operating parameters of the work cycles performed (max. 200,000) are stored on the integrated memory card and can be transferred to a computer via a USB interface (SMARTOOL Technology).

The B600CND is known for its ease of use and precision, making it an indispensable tool for electricians and technicians in the field of energy distribution and installation.

## TECHNICAL CHARACTERISTICS

<b>Crimping force (kN):</b>	60
<b>Crimping range (mm²):</b>	10 - 300
<b>LxHxW (mm):</b>	398 x 136 x 81
<b>Weight (kg):</b>	3.4 (tool) 2.6 (case)
<b>Battery type:</b>	Li-Ion
<b>Battery capacity (Ah):</b>	2.0
<b>Battery voltage (V):</b>	18
<b>Manufacturer:</b>	Cembre Group

## Scope of delivery

.
