

Mechanical crimping tool LATTIS16-RA

For insulated and non-insulated wire end ferrules

Item number: LATTIS16-RA

Packing unit: 1

The LATTIS16-RA is a compact crimp tool and has a rotatable die set so that the ferrule can be inserted into the front or side of the tool to suit cabinet and bench working respectively. The tool is self-adjusting with interleaving dies to produce a square shaped crimp profile on wire end ferrules.
