

# Automatic trimming device LC-160SL

Type LC

Item number: LC-160SL  
 Packing unit: 1

The LC 160 SL was specially developed for precise and gentle cutting to length of pneumatic, medical and many other types of tubing. Thanks to its special cutting technology with just one blade and a precise guide, the device guarantees exact 90-degree cuts of the highest quality - without deformation.

## TECHNICAL CHARACTERISTICS

<b>Hose package Connection:</b>	Yes
<b>Feed rate:</b>	max. 0,5 m/s
<b>Weight:</b>	10.0
<b>Max. diameter:</b>	10 mm
<b>Max. measuring length:</b>	1000 m
<b>Measurement units:</b>	mm - Inch
<b>Power supply:</b>	230V/50HZ (115V/60HZ)
<b>Language selection:</b>	D, GB, F, I, E
<b>LxHxW:</b>	301 x 194 x 228
