

Stripping and crimping machine MC-40L

Type MC, 4 - 10mm²

Item number:	MC-40L
Product weight (kg):	29.3 kg
Packing unit:	1

The electro-pneumatically controlled stripping and crimping machine MC-40L are intended for the rational processing of loose wire end ferrules with plastic collars. The stripping and crimping is performed in one operation.

TECHNICAL CHARACTERISTICS

Cross-section range:	4 / 6 / 10 mm ² / AWG 12 / 10 / 8
Cycle time:	1.0
Crimp length:	6 - 12
Weight:	29.0
Stripping blades:	V-shape
Power supply:	230V/50HZ (115V/60HZ)
LxHxW:	550 x 412 x 250

Note

- Tool kit 4-10/12 4 mm² – 10/12 mm
- Tool kit 6 6 mm² – 12 mm
- Tool kit 10 10 mm² – 12 mm
