

Mechanical crimping tool ME5-KV, insulated

Type ME, for parallel connectors and non-insulated cable lugs

Item number: ME5-KV

Packing unit: 1

The insulated mechanical hand pliers ME5-KV allows non-insulated parallel connectors and cable lugs to be crimped together with force as per Din standard. Once the crimp force is reached the pliers lock, which means the crimping is correctly completed. The pliers have to be unlocked for the next crimping action
